

### Don't Be A Bully Rap

Don't Be A Bully  
Not today or tomorrow  
It causes others pain  
It causes people sorrow!

Don't watch a Bully  
Tell them it's wrong.  
Jesus wouldn't watch  
He'd stand up and be strong.

Don't let a Bully  
Keep you quiet.  
Get some help  
Never hide it!

Bully's need help to stop what they're doing.  
To learn better choices than the ones they are choosing.  
Bully's need to know what they're actions do  
To innocent children like me and you.

They may not know that put downs hurt  
They're just like a punch or grabbing someone by the shirt.  
They need to be taught that mean words have power.  
They turn a blossoming plant into a shriveling flower.

So Don't Be a Bully  
These are the words we say.  
Choose to be a friend.  
Make a difference today!

**You can be Bully-Free!**
