

Homework for the Week of March 18-21st

Welcome back! We hope everyone had an enjoyable relaxing March Break and you are all looking forward to the final term of the year.

Please continue to read each night for 10-15 min. If possible try and read a chapter(s) each night or a section in a non fiction book or magazine. Don't forget to log in the chapter(s) or article you have read and have it signed.

In Math we have been exploring number patterns. Draw a table to show your thinking in the space provided. Record the information neatly and accurately.

Mark receives \$5.00 a week for walking a dog. He wants to buy a video game that cost \$40. How many weeks will it take him to save enough money to buy the video game?

In Grammar, we are beginning to look at pronouns which take the place of a noun. Please read and complete the following sentences.

A **pronoun** is a word that takes the place of a noun. There are singular nouns such as **I, me, you, he, him, she, her and it.**

Pronouns that take the place of plural nouns are **we, us, you, they, and them.**

Circle the correct pronoun to take the place of the noun which is **bolded.**

**Mrs.Shannon** made popcorn for the class. (She, They)

Ryan gave some popcorn to **Sarah.** (her, them)

**Connor** put salt on his popcorn. (He, They)

The teacher gave bowls to **Madison** and **Nicholas.** (it, them)
