Homework for the Week of April 8-12

1. Read each night and log your reading on a log sheet provided.
2. In Language, we are beginning to understand the basic rhythms and images of poems through our reading activities. The images and sounds create an interesting picture in our minds. Read the poem below. Then, see if you can visualize and draw a picture the author has described in the poem in the box to the right. What is the main idea of the poem? Explain below.

I Should Have Stayed in Bed Today By Jack Prelutsky	
I should have stayed in bed today, In bed's where I belong, As soon as I got up today, Things started going wrong. I got a splinter in my foot, My puppy made me fall, I squirted toothpaste in my ear, I crashed into the wall. I knocked my homework off the desk, I landed on my toes, I spilled a glass of chocolate milk, It's soaking through my clothes. I accidentally bit my tongue, That really made me moan, And it was far from funny when I banged my funny bone. I scraped my knees, I bumped my nose, I sat upon a pin, I leapt up with alacrity, And sharply barked my shin. I stuck a finger in my eye, The pain is quite severe, I'd better get right back to bed And stay there for a year!	
What is the main idea of the poem? Explain.	

3. In preparation for EQAO, please have your child complete the following Math review questions by colouring in the correct bubble in pencil.

An elementary school has a total of 635 students. There are 362 girls. How many boys are there? O 273 O 333 O 373 O 997	Which number completes the following number sentence? 24 - ___ = 17 + 3 O 3 O 4 O 6 O 7
A number sentence is shown below. 82 - 17 = 39 +☐ Which number should be placed in the box to complete this number sentence correctly? o 26 o 36 o 65 o 75	Which set of numbers is listed in order from smallest to largest? o 479, 794, 749 o 974, 794, 749 o 479, 749, 794 o 974, 749, 794
