

Reminder:
Fri. Nov. 16th
is a P.D. Day
(no school)

Homework for Week of Nov. 12-15

1. Read **each night** for **at least 10 minutes** and log your reading on a log sheet provided.
2. In Math, we continue to work on strategies for subtracting large numbers. Please have your child complete the subtraction question below using one of the strategies taught in class, such as:
 - Using a number line and subtracting (start at greater number then subtract the tens, then the ones from the second number)
 - Using a number line and adding up (start at the lower number then add up until you get to the greatest number)
 - Starting at greatest number, subtracting the tens, then the ones from the second number (use number equations)

What is $75-23$?

3. In Language, we continue to work on **Descriptive Writing**. This week at home, describe one of your family members on the back of this sheet. Remember to **include the must-haves for descriptive writing** such as:
 - Title
 - Opening sentence (introduces topic, catches reader's attention)
 - Tell what person looks like
 - Tell what person can do, likes
 - Tell what the author does with the person
 - Written in present tense
 - Lots of descriptive words/phrases
 - Includes interesting details
 - Closing sentence (tell how you feel about the person)
